

Order form for PLOG 3.50 activation code

Procedure:

Open the license management by clicking on the 'Management' button in the 'License' submenu at the bottom right of the operating window.

This opens the input window which shows the so-called "Node ID" in the upper line. Then select the desired permission level from the drop-down menu below. Please note that customers receive only the standard license. Higher permission levels are reserved for Atex representatives and service technicians. Click the button below to copy it to the clipboard. Then insert the Node ID in the form below and sent via email to ATEX.

You will then receive an activation code from ATEX. This may take up to 3 working days.

After receiving your code, copy and paste it into the field "Activation code" and confirm it by clicking the "Activate" button.

Name: _____

Company: _____

e-mail: _____

Node ID: _____

Your activation code (will be sent by ATEX) _____

Send this sheet to info@atex100.com – please put "PLOG3.50 registration" into the email subject line. Please note that only fully completed forms can be processed.
